DETAILED ACTION

Claims 1-34 are pending in the application.

Note: The claims were renumbered under Rule 1.126. It was found that there were two claim 31, hence the claims 31(second occurrence), 32 and 33 have been renumbered to claims 32-34. The claim dependency of original claims 31(second occurrence), 32 and 33 are incorrect in view of the renumbering of the claims.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

1. Claims 27-29 and 34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following reasons apply:

- a) Claim 27 is vague and indefinite in that it is not known what is meant by "isopropanol" in the definition of the lower alkanol.
- b) Claims 28 and 29 are vague and indefinite in that it is not known what is meant by, "in a process". It is not known what process this refers to.
- c) Claim 34 recites the limitation "ethanol and isopropanol" in the definition of the lower alkanol. There is insufficient antecedent basis for this limitation in the claim.

d) Claim 34 recites the limitation "dimethyl formamide" in the definition of the dipolar aprotic solvent. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

2. Claims 1-26 and 30-33 are allowed. None of the prior art of record or a search in the pertinent art area teaches the process of preparing quetiapine as claimed herein.
